

OUTDOORCOLLECTION

Catalogue **2019**

Vestire il fuoco nasce dal desiderio di consegnare all'uomo
un unico elemento che valorizzi spazio e piacere.

Clothing fire springs from the desire to offer man
a single element that enhances both space and pleasure.

Ivano Losa, designer
Co-founder di Ak47 design

Il fuoco, tutto ha origine da qui.

Da questo elemento mitico e leggendario, potente e tangibile, che Ak47 design ha saputo vestire con naturalezza e stile, realizzando oggetti di design utili e mai scontati, capaci di arredare lo spazio ed offrire piacere agli occhi e alla mente.

Ak47 design rappresenta l'eccellenza nella produzione di bracieri per esterno.

Un'eccellenza raggiunta attraverso lo studio e la lavorazione delle materie prime, la progettazione e la cura dei dettagli, un design made in Italy unico ed inimitabile.

Un'azienda che fa della qualità il proprio punto di forza, sostenuto da idee funzionali e prodotti affidabili.

Prodotti che sanno emozionare; emozioni che prendono forma attraverso l'ardere del nobile legno e di braci appassionate.

Ma allora perché questo nome, così netto e provocatorio?

“AK-47 è la sigla dell'oggetto progettato nel lontano 1947 con materiali e criteri tecnici pensati per durare nel tempo:

è questa la caratteristica che apprezziamo e alla quale ci siamo ispirati”.

Un fuoco che è anche vita, vigoria e vivacità.

Elementi, questi, distintivi dei bracieri di Ak47 design;

che da semplici complementi d'arredo per esterno si trasformano in dinamici oggetti di design, dotati di sostanza e di forza propria.

In Ak47 design la sensibilità di progettisti e designer si fonde con l'abilità e la sapienza dei migliori maestri d'arte, plasmando oggetti unici per semplicità e utilità, stile e funzionalità.

The fire: everything springs from it.

From this mythical and legendary element, powerful and tangible, which Ak47 design has been able to dress with simplicity and style, giving birth to useful and unpredictable design objects, capable of decorating space and delighting the eye and the mind.

Ak47 design represents the excellence in the production of outdoor fire pits and fireplaces.

An excellence achieved through study and processing of raw materials, design and attention to detail, a unique and inimitable made in Italy design.

A company that makes quality its main strength, supported by functional ideas and reliable products.

Products which are able to move and touch; emotions that take shape through the burning of noble wood and passionate embers.

Then why the name, so sharp and provocative?

“AK-47 is the acronym of the object designed back in 1947 with materials and technical standards thought to be long-lasting:

this is the feature we appreciate and which inspired us”.

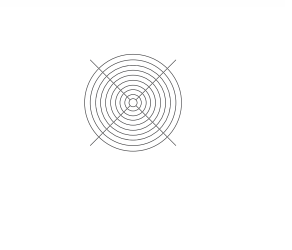

Fire is life, vigour, vivacity: these are characteristic features of our fire pits.

From outdoor furnishings and decorations they turn into dynamic design objects, endowed with substance and a proper shape.

In Ak47 design, the sensibility of designers merges with the ability and the knowledge of the best master of arts, shaping objects unique for their simplicity, utility, style and functionality.

Zero

Un braciere a legna per esterno, un nido dove rifugiarsi,
lasciarsi riscaldare dal fuoco:
all'eccentrica danza delle fiamme si sostituisce
il silenzioso ardere della brace.

A wood fire pit for outdoor use, a nest in which to take refuge,
enjoying the warmth of the fire:
the eccentric dance of the flames is replaced
by the silent glow of the embers.

Zero

Design e arte si fondono, raccontando il fuoco con stile.
Zero valorizza lo spazio che lo circonda regalando forti emozioni, calore e ospitalità.
Un oggetto unico, dal sapore intramontabile.

Design and art come together, depicting fire with style.
Zero enhances the space that surrounds it, offering strong emotions, warmth and hospitality.
A unique object, with a timeless flavour.

Ercole

Ercole

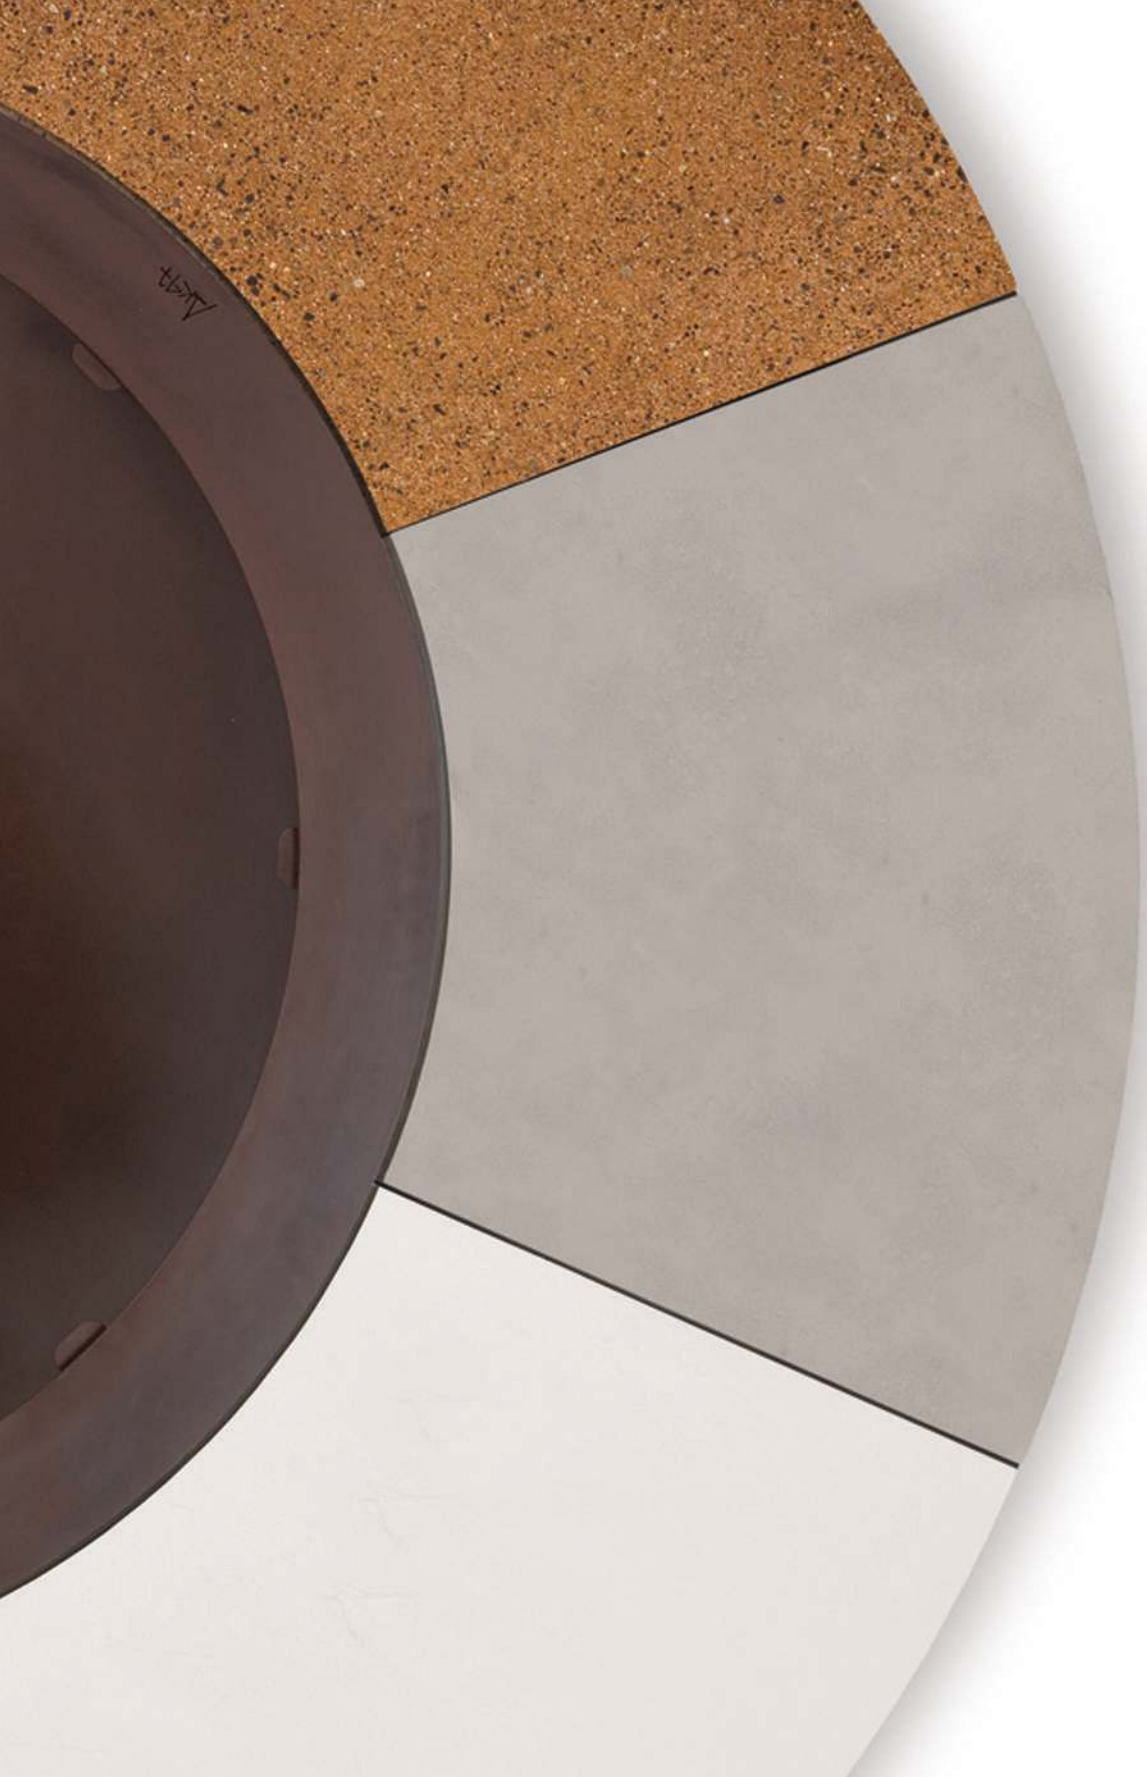

Ercole è un braciere a legna per esterno.
Nasce dall'unione di due materiali, l'acciaio come elemento strutturale e
il cemento o la pietra che decorano e valorizzano il suo design.

Ercole is a wood fire pit for outdoor use.
It springs from the union of two materials, steel as a structural element and
concrete or stone that decorate and enhance its design.

Forte e statuario, elegante e informale affronta le intemperie.
I suoi materiali invecchiano e si trasformano con il passare del tempo,
donandogli un sapore sempre più autentico.

Strong and statuesque, elegant and informal, it resists the worst weather.
Its materials age and are transformed as time passes,
giving it an ever more authentic flavour.

Simplicity and technology are the
basic features of the Opera project.
Solid structure and elegant design.

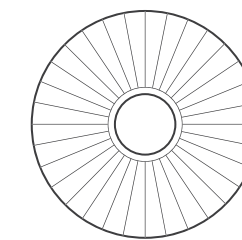

Artù

Artù

Artù, braciére a legna per esterno, presenta gli elementi naturali del fuoco e del legno in un'essenziale armonia contemporanea, impreziosita da ricerca tecnologica ed artigianalità.

Artù, a wood fire pit for outdoor use, presents the natural elements of fire and wood in an essential contemporary harmony, enhanced by technical research and craftsmanship.

Ø3000 mm

il legno

wood

La seduta circolare è in legno di castano antico, recuperato e trattato a calore e vapore senza l'aggiunta di additivi chimici. Il trattamento termico ne varia il colore senza l'utilizzo di tinte o sostanze nocive, rendendolo un materiale completamente sano e puro nella sua essenza.

The circular seat is made of old chestnut wood, reclaimed and treated with heat and steam without any chemical additives. The heat treatment varies the colour without using dyes or harmful substances, making it a completely healthy material that is essentially pure.

l'anima

soul

Tecnologia al servizio del design per un insieme di elementi che strutturano e formano l'anima del braciere.

Technology at the service of design for a set of elements that form the structure and soul of the fire pit.

Dado

□ 800 mm

Dado

Basico il suo design, discreta la sua presenza.
Dado ospita calore e luce nel segno della semplicità.
Non solo focolare ma anche utile base di appoggio
quando non in funzione.

A basic design and a discreet presence.
Dado contains warmth and light inspired by simplicity.
Not just a fireplace, but also a useful support when not in use.

747

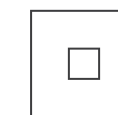

Tavolo

Tavolo

Una perfetta alchimia tra design e natura.
Pietra e legna lo completano con un tocco di poesia.

A perfect alchemy of design and nature.
Stone and wood give a poetic finishing touch.

materials

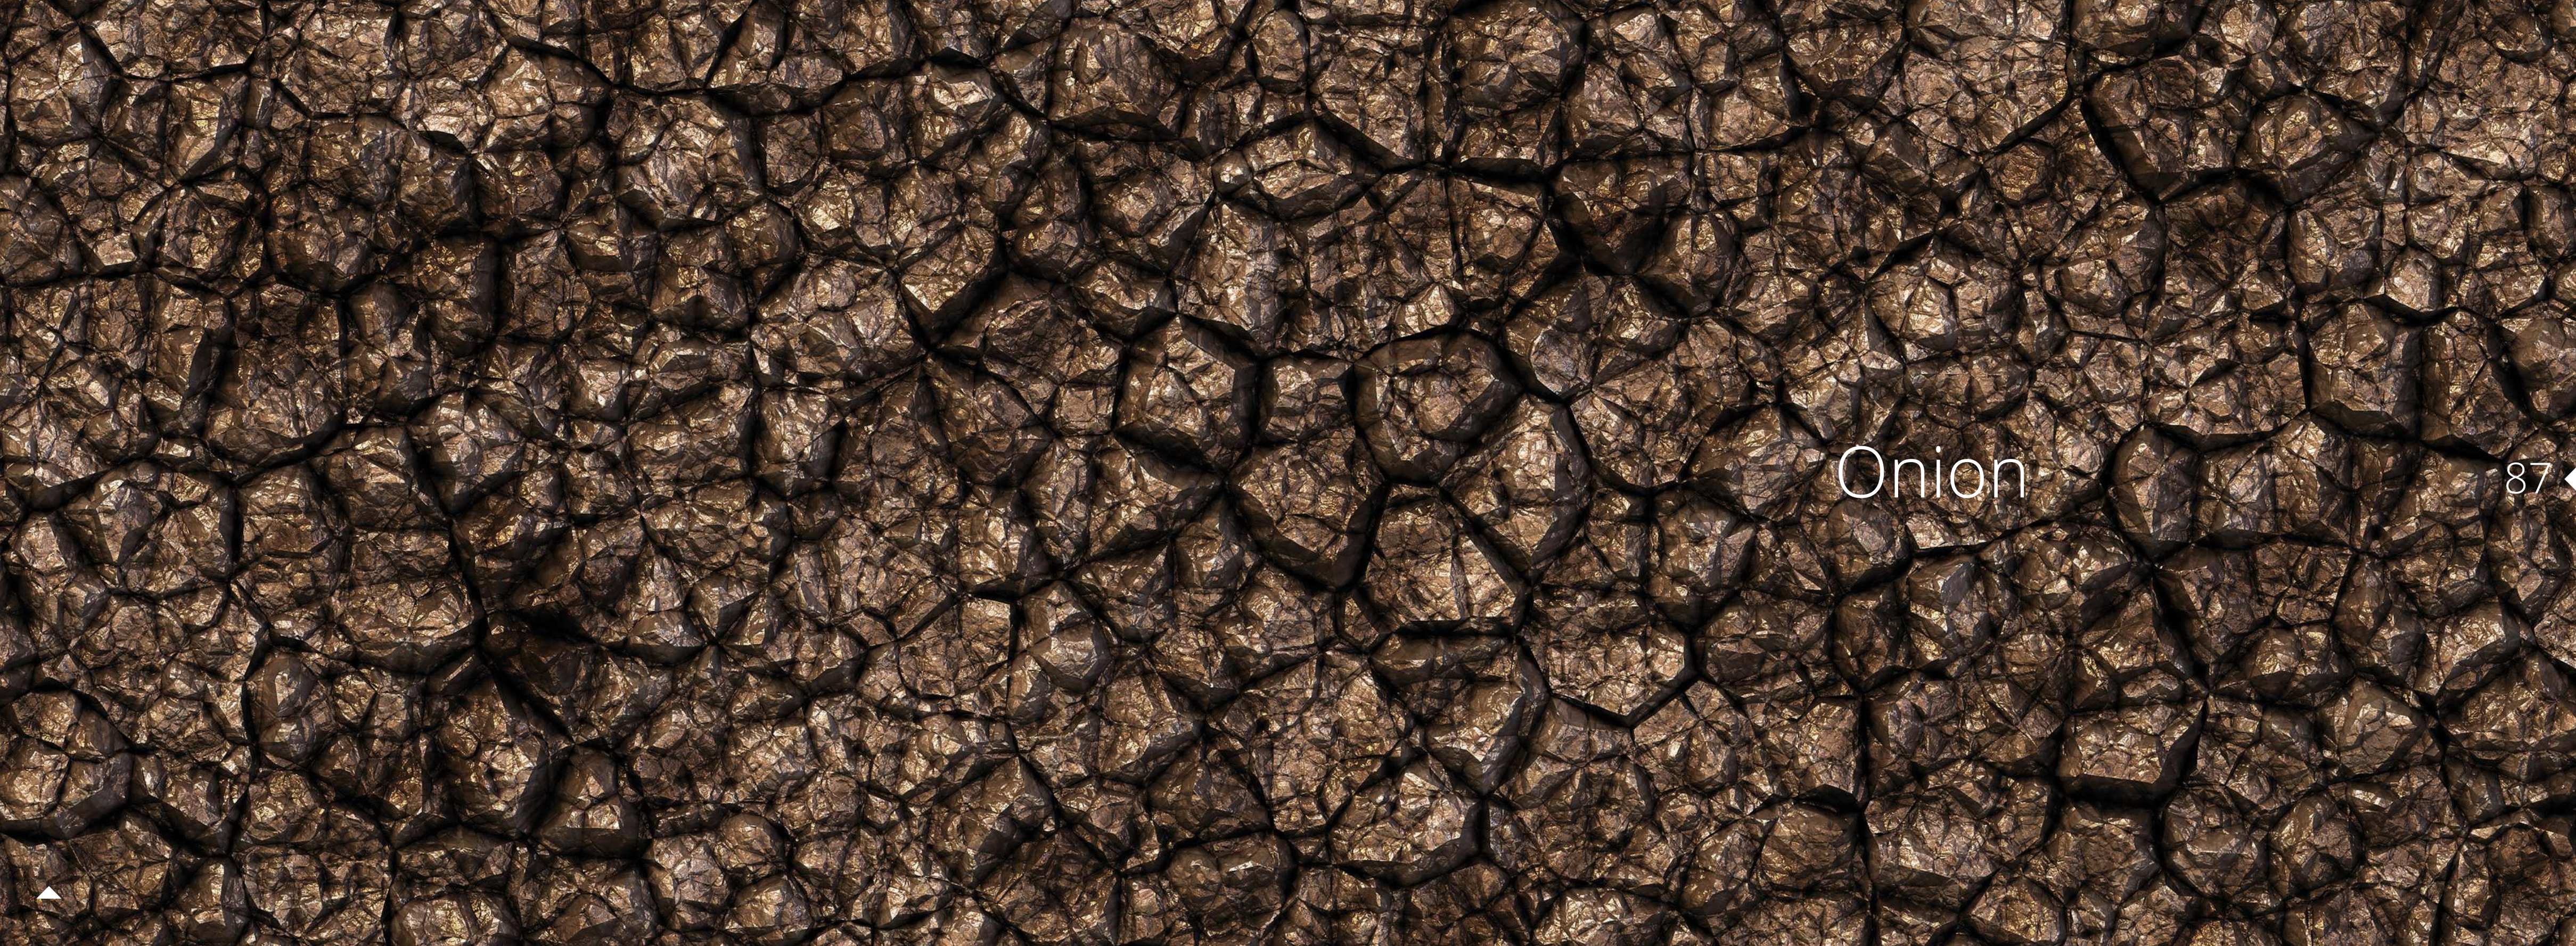

qualcosa in più

something more

Tavolo può essere arricchito con il vano portalegna, comoda struttura che permette di stoccare e organizzare la legna in modo semplice e naturale.

Tavolo can be enriched with the wood compartment, a convenient structure where wood can be stored and organised in a simple and natural way.

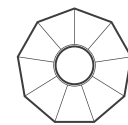

Onion

Onion

Morbida la sua forma, elegante la sua presenza.
Un guscio in acciaio dove la luce della fiamma accoglie e riscalda i suoi ospiti.

A soft shape and an elegant presence.
A steel shell where the light of the flame welcomes and warms its guests.

Ø1640 mm

armonico

sinuous

Un nobile materiale l'acciaio armonico.
Flessibilità e resistenza le sue principali caratteristiche,
partner ideale per il progetto Onion.

A noble, harmonious material, spring steel.
Flexibility and resistance are its main characteristics,
the ideal partner for the Onion project.

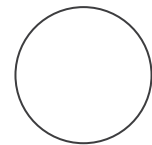

Fuocolo

Fuocolo

Una grande culla dove il legno si risveglia.
Imponente la sua dimensione, rigoroso il suo disegno,
Fuocolo segna lo spazio con arte e magia.

A great cradle where wood reawakens.
With its imposing size and rigorous design,
Fuocolo marks space with art and magic.

Ø1800 mm

qualcosa in più

something more

Fuocolo può essere arricchito.
L'utile vassoio permette di organizzare
la legna in modo semplice e naturale.

Fuocolo can be enriched.
The useful tray allows wood to be organised
in a simple and natural way.

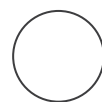

Discolo

Discolo

Flessibilità di utilizzo e dimensioni contenute, sono le principali caratteristiche di questo braciere per esterno. Discolo permette in qualsiasi luogo di preparare falò, grigliate o semplicemente di creare atmosfere suggestive.

Flexibility of use and compact dimensions, these are the main characteristics of this fire pit for outdoor use. Wherever you may be, Discolo allows you to prepare bonfires, barbecues or simply to create evocative atmospheres.

Hole

101◀

Hole

Braciare a legna per esterno da incasso.
Calore e discrezione insieme,
il fuoco è protagonista e la struttura che lo ospita scompare.
Se non in funzione diventa pedonabile.

Recessed wood fire pit for outdoor use.
Warmth and discretion together,
fire is the protagonist and the structure in which it is housed disappears.
When not in use, the surface can be walked on.

Ø700 mm

Ø1360 mm

Mangiafuoco

Mangiafuoco

La semplicità del disegno lo rende collocabile in qualsiasi contesto architettonico. Da solo, al centro di un sistema di sedute, il suo fuoco dà calore e luce a chi lo circonda. Mangiafuoco è un braciere a legna per esterno, se non in funzione può diventare anche un utile coffee table.

The simplicity of the design means it can be placed in any architectural setting. Alone, in the centre of a seating system, its fire gives warmth and light to those around it. Mangiafuoco is a wood fire pit for outdoor use. When not in use it can also become a handy coffee table.

Ø800 mm

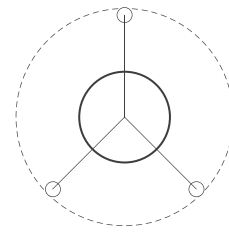

Tripee

Tripee

Tripee è un braciere a legna per esterno,
lo stereotipo della classica tenda indiana come elemento conviviale,
si unisce alla magia del fuoco.
Due elementi si fondono in un unico prodotto che diventa segno caratterizzante sul territorio:
sa infatti distinguersi e rievocare emozioni del passato.

Tripee is a wood fire pit for outdoor use,
the stereotype of the classical Indian tent as a convivial element,
combined with the magic of fire.
Two elements come together in a single product that becomes a characterising sign in the territory:
it is able to distinguish itself and call to mind emotions of the past.
